Hi Keith,

I hope your day is going well. I am following up on our meeting on January 24, 2022, with DPH and GA Tech. One of the discussion points was to see if OSHA would be able to facilitate DPH access with the company to do outreach with the workers. I believe you were checking to see if that could be done and if it would have any impact on your pending action. Do you have any updates to share? If you would prefer to talk, let me know. I have availability today between 1-3 PM.

Regards,

Kimberly
